Hospital Visitor Directions (No 3)

Public Health and Wellbeing Act 2008 (Vic)
Section 200

I, Dr Annaliese van Diemen, Deputy Chief Health Officer (Communicable Disease), consider it reasonably necessary to protect public health to give the following directions pursuant to ss 200(1)(b) and (d) of the Public Health and Wellbeing Act 2008 (Vic) (PHW Act):

1 Preamble

(1) The purpose of these directions is to prohibit non-essential visits to hospitals in order to limit the spread of Novel Coronavirus 2019 (2019-nCoV).

(2) These directions replace the Hospital Visitor Directions (No 2) given on 13 April 2020.

2 Citation

These directions may be referred to as the Hospital Visitor Directions (No 3).

3 Prohibition on entry

(1) A person must not enter, or remain at, a hospital in Victoria between midnight on 11 May 2020 and 11:59:00pm on 31 May 2020 unless:

(a) the person is a patient of the hospital; or

(b) the person is a worker in relation to the hospital, as defined in clause 4; or

(c) the person is a visitor in relation to the hospital, as defined in clause 5; or

(d) the person is present in an area of the hospital in respect of which an exemption under clause 6 is in force.

Excluded persons

(2) Despite subclause (1), a worker or a visitor or a person referred to in subclause (1)(d) must not enter or remain at a hospital in Victoria between midnight on 11 May 2020 and 11:59:00pm on 31 May 2020 if:

(a) the person has been diagnosed with 2019-nCoV, and has not yet been given, or taken to have been given, clearance from self-isolation under the Diagnosed Persons and Close Contacts Directions; or
(b) during the 14 days immediately preceding the entry, the person arrived in Australia from a place outside Australia; or

(c) during the 14 days immediately preceding the entry, the person had known contact with a person who has a confirmed case of 2019-nCoV; or

(d) the person has a temperature higher than 37.5 degrees or symptoms of acute respiratory infection.

4 Definition of worker

(1) A person is a worker in relation to a hospital if:

(a) the person is an employee or contractor of the hospital or a student under the supervision of an employee or contractor of the hospital; or

(b) the person’s presence at the hospital is for the purposes of providing health, medical or pharmaceutical goods or services to a patient of the hospital, whether the goods or services are provided for consideration or on a voluntary basis; or

(c) the person’s presence at the hospital is for the purposes of providing goods or services that are necessary for the effective operation of the hospital, whether the goods or services are provided for consideration or on a voluntary basis; or

Note: Union and employer representatives are covered by this paragraph.

(d) the person’s presence at the hospital is authorised or required for the purposes of emergency management, law enforcement, or the performance of a duty, function or power under a law.

5 Definition of visitor

(1) A person is a visitor in relation to a hospital if:

(a) in the case of a patient of the hospital aged under 18 years—the person is the parent or guardian of the patient or has temporary care of the patient; or

(b) in the case of a patient of the hospital with a disability—the person is the carer of the patient; or

(c) in the case of a pregnant patient of the hospital whose status as a patient relates to the pregnancy—the person is the patient’s partner or support person; or

(d) in the case of a patient of the hospital attending at the hospital’s emergency department—a person accompanying the patient; or

(e) in the case of a patient of the hospital attending an outpatient appointment—a person accompanying the patient; or

(f) the person’s presence at the hospital is for the purposes of end of life support for a patient of the hospital; or
(g) the person's presence at the hospital is for the purposes of a care and support visit to a patient of the hospital on a particular day.

Note: Aside from a care and support visit under paragraph (g), these directions do not impose any time limit on the period that a visitor within paragraphs (a) to (f) may attend a hospital. However, all visitors will remain subject to each hospital's local operating procedure.

(2) A patient may only have one care and support visit each day.

(3) No more than two visitors may visit a patient at one time.

6 Exemption power

The Chief Health Officer or the Deputy Chief Health Officer may, in writing, grant an exemption from these directions in respect of a specified area of a hospital if the Chief Health Officer or the Deputy Chief Health Officer, as the case requires, is satisfied, having regard to the need to limit the spread of 2019-nCoV, that an exemption is appropriate due to:

(1) the nature of the area; or

(2) the existing limits on the number of people that may be present in the area (whether because of the operation of a direction under the PHW Act, or otherwise).

7 Operator to take all reasonable steps

The operator of a hospital in Victoria must take all reasonable steps to ensure that a person does not enter or remain on the premises of the hospital if the person is prohibited from doing so by clause 3.
