

Industry Restrictions

This table describes the 'Permitted Work Premises List' for the purposes of the Restricted Activity Directions (Restricted Areas), which came into effect as at 5 August 2020 from 11:59pm. This is version 13 of the Permitted Work Premises List, effective as at 18 October 2020 from 11.59pm. This table may be further amended and updated with approval of the Chief Health Officer. A log of changes to the table since 5 August can be found on the DHHS website.

Unless an exception applies, only Permitted Work Premises may operate with on-site operations during the restricted activity period in the Restricted Area, and only to the extent permitted as set out below.

Employers for Permitted Work Premises are only permitted to have employees on-site if it is not reasonably practicable for the employee to work from home and the employer and employee comply with the Directions currently in force, including the Workplace Directions, Workplace (Additional Industry Obligations) Directions, and the Permitted Worker and Childcare Permit Scheme Directions.

The business cannot operate on-site for any other purpose. Ancillary and support businesses are defined as those businesses that are necessary for the operation of the permitted industry
- Services and ancillary services that relate to the COVID-19 health response are Permitted Work Premises.
- Services connected with animal health, husbandry or welfare, including the RSPCA, are Permitted Work Premises.
