

How to safely handle your drink bottle

Perform
hand hygiene
BEFORE
and **AFTER**
using your
drink bottle

Don't allow
anyone else
to touch or
use your
drink bottle

Once home
wash your
drink bottle
with warm
soapy water
and air dry

Regularly
check your
drink bottle
and replace
if cracked or
damaged

Performing regular hand hygiene at work is the best defence against coronavirus (COVID-19) to reduce the spread of infection.

It's important to keep hydrated at work by taking appropriate breaks. Avoid using drink bottles in clinical areas.

To receive this in another format phone 1300 651 160 using the National Relay Service 13 36 77 if required, or email Emergency Management Communications <covid-19@dhhs.vic.gov.au>
