Note: subclause (2)(f) does not include a person who is required to be tested for SARS-CoV-2 in accordance with the requirements of the Surveillance Testing Industry List and Requirements.

Hospital may permit certain excluded persons to visit

(3) Despite subclause (2), a person referred to in subclauses (2)(a) or (2)(e) may enter or remain at a hospital if:

Note: a person who has been diagnosed with SARS-CoV-2 and has not yet been given, or taken to have been given, clearance from self-isolation under the Diagnosed Persons and Close Contacts Directions may be authorised to visit the hospital under this subclause. Such authorisation has to be given by the hospital and the Chief Health Officer or the Deputy Chief Health Officer, and can be subject to conditions: see subclause (6).

(4) Despite subclause (2), a person referred to in subclauses (2)(b), (c) or (d) may enter or remain at a hospital if:

(5) A person permitted to enter or remain at a hospital under subclause (4) must comply with any directions or conditions imposed in relation to their visit by the officer of the hospital who authorised their visit under subclause (4)(b).
A person permitted to enter or remain at a hospital under subclause (3) must comply with any directions or conditions imposed in relation to their visit by either or both of:

Restrictions on visitors of patients (end of life support including life-threatening conditions)

Where a visitor under subclause (1)(c) is visiting for the purposes of providing end of life support to a patient, the operator of a hospital in Victoria must not permit more than two visitors of a patient to enter or remain on the premises at any one time in relation to that patient.

Where a visitor under subclause (1)(c) is visiting for the purposes of providing end of life support to a patient, and is a carer, parent or guardian of a child or dependant, and they cannot access alternative care arrangements (whether on a paid or voluntary basis) or leave their child or dependent unattended so that they can attend the hospital without the child or dependent, then the child or dependent may accompany that person when attending the hospital, and the cap in subclause (8) will not include that child or dependent.

Where a child or dependent visitor under subclause (1)(c) is visiting and the patient is the carer, parent or guardian of that child or dependent visitor, and the patient cannot access alternative care arrangements (whether on a paid or voluntary basis) or leave their child or dependent visitor unattended so that they can be present at the hospital without their child or dependent visitor, then their child or dependent visitor may be present at the hospital, and the cap in subclause (8) will not include that child or dependent visitor.

Note: the definition of end of life support includes where a patient is at risk of dying from a sudden acute event (life-threatening condition).

(h) in the case of a patient of the hospital attending at the hospital’s emergency department – the person is accompanying the patient; or

(i) in the case of a patient of the hospital attending an outpatient appointment – the person is accompanying the patient.

(12) Where a visitor under subclause (1)(c) is visiting for a purpose specified in subclause (11), the operator of a hospital in Victoria must not permit:

(a) more than two visitors of a patient to enter or remain on the premises at any one time in relation to that patient; and

(b) more than two visitors of a patient to enter or remain on the premises per day in relation to that patient.

(13) Where a visitor under subclause (1)(c) is visiting for a purpose specified in subclause (11), and is a carer, parent or guardian of a child or dependant, and they cannot access alternative care arrangements (whether on a paid or voluntary basis) or leave their child or dependent unattended so that they can attend the hospital without the child or dependent, then the child or dependent may accompany that person when attending the hospital, and the caps in subclauses (12)(a) and (12)(b) will not include that child or dependent.

(14) Where a child or dependent visitor under subclause (1)(c) is visiting for a purpose specified in subclause (11), and the patient is the carer, parent or guardian of that child or dependant visitor, and the patient cannot access alternative care arrangements (whether on a paid or voluntary basis) or leave their child or dependent visitor unattended so that they can be present at the hospital without their child or dependent visitor, then their child visitor or dependent visitor may be present at the hospital, and the caps in subclauses (12)(a) and (12)(b) will not include that child or dependent visitor.
